# **2009-2010 SCHOOL IMPROVEMENT PLAN ANALYSIS**

**The 2009-2010 was an incredible academic year. We were named to *Newsweek's* 2010 Best High Schools. We won the Silver Award given by the Georgia Governor's Office of Achievement for having the greatest achievement in meeting and exceeding standards. Lastly, we were given an award for being a Georgia Advanced Placement Honor School. This award is given for schools that focus on a rigorous curriculum and are successful in doing so.**

**We, again, met Adequate Yearly Progress (AYP) under the No Child Left Behind legislation. We showed progress in all academic areas and increased proficiency and exceeds results in almost all areas of the Georgia High School Graduation Test (GHS GT) and Georgia End of Course Test (EOCT). We increased Advanced Placement (AP) Test Percentages and AP Test Scores. We are very excited to see the results from our Senior SAT scores with all of the plans that were implemented at BHS the last two years. Unfortunately, the results will not be in until September, 2010. We look for the SAT implementation plan to affect the upcoming senior class and beyond.**

**The results for the GHS GT scores are listed in the "Documenting and Using Results" section of this school profile. The results for the GHS GT were too large to include again. We had an increase in GHS GT scores in Language Arts, Mathematics, Social Studies, Science, and Writing! We also had an increase in the honors results of students in Language Arts, Social Studies, and Science (GPS) and pass plus results of students in Mathematics (QCC). We moved into the top 8% in the state for GHS GT test scores. The following is the increases from the 2008-2009 school year to the 2009-2010 school year:**

**Students that Passed all 4 sections of the GHS GT**  
2009-2010 School Year – 27<sup>th</sup> in state out of 415 schools!  
2008-2009 School Year – 52<sup>nd</sup> in state

**GHS GT – LANGUAGE ARTS**  
2009-2010 School Year – 39<sup>th</sup> in state  
We are tied for 17<sup>th</sup> in state based on Mean Score!  
2008-2009 School Year – 77<sup>th</sup> in state

**GHS GT – MATHEMATICS**  
2009-2010 School Year – 36<sup>th</sup> in state out of 415 schools  
We are tied for 20<sup>th</sup> in state based on Mean Scores!  
2008-2009 School Year – 125<sup>th</sup> in state

## GHSGT – SCIENCE

2009-2010 School Year – 2<sup>nd</sup> in the state out of 415 schools

We are 2<sup>nd</sup> in the state based on mean scores – NO PUBLIC SCHOOL WAS CLOSE!

2008-2009 School Year – 13<sup>th</sup> in state

## GHSGT – SOCIAL STUDIES

2009-2010 School Year – 30<sup>th</sup> in the state out of 415 Schools!

We are 24<sup>th</sup> in the state based on Mean Scores!

2008-2009 School Year – 86<sup>th</sup> in state

**We look forward to many gains in our test scores. We believe that all students can achieve at high levels. This is evidence by the fact that 92% of our students exceeded on the Science section of the GHSGT. We are working hard for this to occur in all sections of the GHSGT.**

**We had a drastic increase in the EOCT test results in all areas for the 2009-2010 school year. The table on the following page shows in great detail the increases in results in pass rate and exceeds rate. These are extraordinary gains over the course of two years. These results provide documentation that the full scale school improvement plan for 2008-2009 school year with all of the new curriculum and instructional initiatives resulted in excellent gains.**

**Our vision at Buford High School is one of Triple “A” Excellence. Excellence in Academics, Athletics, and the Arts. Not only are we implementing strategies and programs for excellence in academics, we are also doing this in athletics and arts as well. The athletic and arts program were not addressed by the Academics School Improvement Plan; however, the results should be included in this analysis. WE HAVE WON 8 STATE CHAMPIONSHIPS OVER THE LAST TWO YEARS ON TOP OF DRASTIC INCREASES IN ACADEMIC ACHIEVEMENT.**

**We had another stellar year in our athletic program. We won three different athletic state championships. Our teams won the AA Softball State Championship, AA Football State Championship, and the AA Girls Basketball State Championship. We also had several other sports place very high in region and state competition.**

**Our Fine Arts program had a very successful year as well. The Literary team won the AA Literary State Championship and our One Act Play team was the AA One Act Play State Runner-up. Our Fine Arts program also had the distinguished excellence award by being named the best Fine Arts program in AA.**

**In conclusion, we are very excited about the results from the School Improvement Plan put into place for the school year 2009-2010. We need to continue to improve in all areas. We plan to focus our improvements in curriculum, instruction, and especially assessment. We also plan to focus on improving instructional technology. We are definitely closing the gap with our subgroup populations; however, we must continue to focus on these groups until we have completely bridged the gap. Next year we are going in with the attitude that every student at Buford High School will exceed on all standardize test scores. We plan to individualize instruction and provide rigor with support to ensure we reach this goal. We at Buford High School believe that all students can learn at high levels. Our core business is teaching and learning and our focus at Buford High School is student learning. Ultimately, our focus will continue to be a sustained improvement in school achievement that ensures that each individual student at Buford High School maximize their educational potential and opportunity.**
