

Writing Assignment to accompany *The Instant Physicist*

After reading the book:

1. Identify 15 facts that you consider “amazing” or found to be particularly surprising. Explain why you selected each of these items.
2. Identify 15 pieces of information that you think is important to know. Explain the significance of each piece of information you selected.
3. Locate and/or copy 5 additional comic strips or cartoons that illustrate a physics concept. Write an explanation of the concept each cartoon illustrates.
